Belize River Lodge
Bonefish and Permit Tagging Challenge
May 12-18, 2012

The Bonefish and Tarpon Trust (BTT), Belize River Lodge and Frontiers Travel are pleased to announce the inaugural Belize River Lodge Bonefish and Permit Tagging Challenge to be held May 12-18, 2012. Anglers participating in this special research event will spend plenty of quality time fishing and will be rewarded with great memories and the knowledge that they have made a difference in conservation—all while staying at one of the Caribbean's best fishing lodges. There will also be a number of chances to win new gear donated by top manufacturers for this departure.

During this trip (which is exclusively offered by Frontiers) we plan to tag as many bonefish and permit as possible with "spaghetti tags" allowing us to follow their growth and migrations. The information collected is critical in the effort to help conserve and enhance this amazing fishery. In addition we will place at least one satellite tag on a big tarpon.

BTT scientists will be on hand to discuss and teach tagging and fish handling techniques and to answer questions about BTT's research and conservation efforts. A presentation of recent scientific findings about our target species will be presented one evening. This will be a great opportunity to swap stories and have a chance for a one-on-one talk with a BTT scientist to really get into the "why" and "how" of bonefish, tarpon, and permit biology—and angling. Prizes will be awarded on the final evening to those who tag the most/largest bonefish and the most/largest permit.

Fishing opportunities at Belize River Lodge are second-to-none. The lodge was one of the hosts for the BTT television show "Buccaneers and Bones" and is one of the top locations in the world for catching IGFA registered Inshore Grand Slams and Super Slams.

To sign up for this fantastic adventure contact Denise Schreiber at Frontiers Travel (1-800-245-1950; dschreiber@frontierstravel.com). The cost of the 6-night/5-day fishing package is \$3,199 per person based on double occupancy and a shared guide. Please note that Frontiers and Belize River Lodge will be making a donation on behalf of each trip participant to BTT (www.tarbone.org). We hope that you will join us for an exciting week of fishing and tagging to benefit the Bonefish and Tarpon Trust.
